came intense. Thursday morning

will preach at the U. B. Church  
next Saturday evening at 7 o'clock

The team driven to W. T.  
George's milk wagon ran away  
Thursday morning, while Mr.  
George was delivering some milk  
at the restaurant, and nearly de-  
molished the wagon.  
The trial of D. A. Albert, charged

Ellison being suddenly called  
away on business, the trial was  
postponed until Monday.  
The depot at Stahl was broken

The only booty obtained was a  
gallon of beer which the thief ob-  
tained by tapping a keg which  
had been left in the express office.  
The postoffice and Wabash de-  
pot at Sublette, were broken into  
last Friday night. All the stamps

taken.

The next annual conference  
of the M. E. church will be held  
in Kirksville in March, 1893.  
Securing the meeting of the con-  
ference to this place was the work  
of Revs. John Gillies and J. H.  
Poland, and our city owes them a  
vote of thanks. Other cities com-  
peting for the honor were Trenton,  
Stanberry, Mound City and

has not been injured in his neigh-  
borhood.  
Miss MINNIE POTTER, who has  
been in St. John, Kansas, for the  
past year and a half, has returned  
to Kirksville. Her many friends  
here are glad to have her again  
among them.  
Some time during Tuesday  
night the wind shifted to the  
north and for over twenty-four  
hours blew a perfect gale. The  
smoke stack at the Normal was  
blown down and fell across the  
engine house, completely demol-  
ishing the stack; two small houses  
were unroofed in the northwest  
addition to the town, known as  
Oklahoma, chimneys were blown  
down, and the tin roof on Porter's  
terrace was rolled up, doing the  
buildings considerable damage.  
It was the longest and strongest  
blow for many years.  
A Wolf Chase.  
A short time since William  
Meeks, living three miles south-  
west of Millard, had thirteen  
sheep killed by a wolf. A cattle  
buyer from Iowa happened to be  
in the neighborhood, and fortu-  
nately had with him six very fine  
hounds. Mr. Meeks invited him to  
assist in the wolf's capture. All  
efforts, however, to start the animal  
proved ineffectual until Tuesday  
morning about 3 o'clock, when a  
disturbance in the sheep fold pro-  
claimed the presence of an enemy.  
The hounds were loosed at once  
and were quickly on the trail.  
After an extremely exciting chase  
of more than an hour, the wolf was  
captured. It weighed 47 pounds.  
When caught by the dogs Mr.  
Meeks was near enough to join in  
the fray, and was bitten on the  
foot by the infuriated animal.

Probably the greatest sufferers

in the Greentop fire are Tice &  
Parker, who lost everything, in-  
cluding building, but \$500 worth  
of goods out of a stock that in-  
voiced \$4,000. They only had \$1550  
insurance on stock and building,  
a policy of \$1380 having expired  
a few days before the fire. This  
is a severe blow to these enter-  
prising gentlemen, but they  
propose to begin business again  
as soon as outstanding accounts  
can be collected. Those who have  
been trusted by the firm should  
and no doubt will, hasten to their  
assistance in their hour of need.  
Brashear Briefs.  
Elder Wallace has a gripe.  
It is almost impossible to get  
a dwelling house in Brashear.  
Miss Mattie Holliday, of Hard-  
land, is visiting Miss Stella St.  
Clair.

his barber shop on the west side  
of the square.  
The new residence of John  
Thrasher, Sen., opposite Prince's  
hotel, is nearing completion.  
A new addition to Brashear is  
being made by Danl. Tuttle, who  
recently bought the John Thrasher  
farm.  
Miss Stella St. Clair, of our  
town, has been offered a position  
as teacher of music in a southern  
Missouri town.  
Our merchants are piling in  
new goods and are expecting a  
large trade as soon as the weather  
and roads settle.  
Mr. St. Clair and lady returned  
on Tuesday from Chillicothe  
where they had been in attend-  
ance at the Missouri Conference.

Obituary.

David Newcomb died at his  
home in Clay township, this  
county, January 16, 1892, aged  
eighty-three years, two months  
and twenty days.  
The immediate cause of his  
death was LaGrippe, but for  
months his health had steadily  
failed until there was no strength  
left to resist disease. The deceased  
was the oldest resident settler of  
Clay township; he moved here  
from Lee county, Iowa, in 1856,  
making a residence of thirty-six  
years in the township and on the  
farm where he lived at the time  
of his death.  
He was born in Kentucky, Oct.  
27, 1808, and removed with his  
parents to Ohio, afterward to  
Illinois and Iowa. He was twice  
married and was the father of six  
children, three of whom are still  
living. Since the death of his  
wife in Feb. 1889, he has been  
simply waiting to follow "mother."  
Who can tell the joys of a blessed  
release from this pain-racked  
prison-house and a glad reunion  
with loved ones gone before.  
An upright citizen, a good neigh-  
bor, a kind father. He has gone  
from among us; a mound of earth  
and a marble slab mark his last  
resting place on earth, but in the  
memory of family and friends  
will abide a more lasting monu-  
ment than the art of man can  
build.

Foster's Forecasts.  
COPYRIGHTED 1892 BY W. T. FOSTER,  
ST. JOSEPH, MO.  
The third storm wave of the  
month will be due to reach the  
Pacific coast about March 11th,  
cross the western mountains by  
the close of the 12th, the great  
central valleys from 13th to 15th  
and the eastern states about the  
16th.  
This storm will be at its great-  
est force from 13th to 15th, while  
in the Mississippi valley, with  
great probabilities of tornado.  
These dreadful storms, however,  
cannot be located with our present  
knowledge of the weather, but  
there are many reasons for expect-  
ing the twisters in various parts  
of the United States during the  
next four months.  
The cool wave will follow this  
last mentioned storm center, cross-  
ing the western mountains about  
the 14th, the central valleys about  
the 16th and the Eastern states  
about the 18th.  
The droughts of the coming  
crop season will be so irregular  
that I will not undertake to give  
any detailed forecasts in this let-  
ter. It will be cut up into spots,  
depending on the latitude and the  
topography of the country, and I  
can only give my estimates of its  
effects in reply to private letters.  
In some parts of the country  
there will be an almost total fail-  
ure of crops, while in many other  
parts will be produced the finest  
crops that have been made for  
years, and the prospects are for  
good prices on all farm products,  
where supply and demand—not  
ring combinations—govern prices.  
Hold all the old products you can  
this year, and if you do not get  
good prices the weather will not  
be to blame for it.  
The following appointments  
were made at the M. E. conference  
at Chillicothe for Kirksville dis-  
trict:  
J. H. Poland, presiding elder;  
Kirksville, John Gillies; Brashear,  
A. M. Molesworth; Kirksville  
circuit, J. E. Rutledge; Novinger,  
Wm. Doyle; Greentop, C. H.  
Porter.
